COFFS HARBOUR VETERAN, VINTAGE AND CLASSIC CAR CLUB

2025-2026

Life Members — Geoff Maunder, John Lansley, Des Drury, Bob Dixon & Keith Winkler (dec.)

The President's Corner

This year our car club returns to Alma Doepel Reserve, Mylestom for our registration day 16th November starting at 8:30am. As there won't be a BBQ, please bring your own morning tea.

- Please ensure you are a financial member of our club as this a requirement by the TFNSW for the Historic Vehicle Scheme.
- Check your car blinkers, wipers etc before you come as this will speed up your registration inspection.
- Complete your 'Application for Conditional Registration' form, prior to seeing Kevin (Registration Officer), as this will speed up your application and make it easier for all concerned.
- Complete your 'Historic Vehicle Declaration' form. This is the form to declare your vehicle's eligibility and suitability for historic registration. You will fill out the left-hand side, and one of our club registration inspectors will sign and complete the right-hand side after they have inspected your vehicle and completed their portion.

Club Meetings: General Meetings are held at the Boambee East Community Centre (30 Bruce King Drive, Boambee East) at 7.00 pm on the first Thursday of each month except for January when no meeting is normally held.

Club Fees: A joining fee of \$5.00 applies. Annual fees are \$45.00 for a Single Membership, \$50.00 for a Family Membership, \$15.00 for a Junior Membership and \$10.00 for Associate Membership. Fees are due on 1st January each year for the calendar year. However, as membership of an approved car club is an RMS requirement for Concessional Registration of vehicles, annual fees for members seeking registration of cars in the following year are payable at the Rego Day, normally the third Sunday in November. For members joining the Club after 30 June each year, half annual fees will apply.

Club Newsletter: A full-colour copy of the Club's newsletter "Coffs Splutter" is emailed to all members with a valid email address registered with the Club. For an annual fee of \$15.00 (payable to the Treasurer) a member may arrange to have a printed B/W copy delivered by Australia Post to an address of their choice.

Report re Great Eastland Hub Rally Armidale 17-20 October 2025

Despite the weather forecast of heavy rain and hail with thunderstorms and bringing plenty of wet weather and cold weather gear we had warm weather and sunshine and I stayed in coastal shorts for the whole time!

Firstly, I have to say what a great disappointment it was for Mary and I to end up being the sole representatives of the whole of the CHVVCCC! Gavin and Pauline were late withdrawals due to a meltdown of the electric fan motor on the Chevrolet that stopped them from going further up the hill than Dorrigo. They made it home slowly down hill without any further problems. There were 10 cars from Port Macquarie and 12 from Taree!

Armidale was a great attraction to us because we had lived there for nearly 30 years. So, we caught up with many people in the community and from the car club in Armidale. On the Friday night there happened to be a very large festival with poetry slams, many bands and all sort of entertainments in the main street. On Saturday we assembled at the Racecourse and had our cars on display. We then went for a run up to Guyra for lunch at the Bowling and Social club. The kitchen was very efficient to put 100 meals out in short order. We then took a short stroll to the Guyra Historical Museum where there was huge display of local artifacts. We then walked further to the Burgess Garage Car Museum, a privately owned museum with a variety of cars and a workshop where the owner quietly beavers away restoring cars.

On Sunday there was another display of our cars and then a tour of Armidale city and then lunch in the shade of mature trees in Central Park. There was a meal on Sunday night but Mary and I have a Monday morning commitment and came home.

My outstanding cars were a 1936 Packard which was gleaming in dark purple (that looked black from certain angles) and a beautiful 1951 Bristol (a car that was ahead of its time with a very low drag coefficient as Bristol had a wind tunnel and mechanicals purloined from BMW as war reparations).

The next Hub Rally will be in Camden Haven in late October. Look out for it and go and enjoy yourselves!

Burgess Car Museum....

FX Holden 1950

Sold by Burgess Garage in 1950 by Boyd Burgess when the building was still a Holden dealership. The car was then purchased back off the original owner, around 1975, and has been here ever since. It has 39,000 original miles.

Afternoon Tea Saturday 4th October 2025

What a great turnout to our October Saturday afternoon tea! Despite the leader taking a wrong turn on the way, all starters made it to Col's place in Moonee. What an excellent event! Col introduced us to his set up which was 9 years in the making. His friend John is the engineer. In his house he had great examples of his art and a large model of the Endeavour which he constructed himself from scratch. This is a very finely designed and constructed piece as the picture will attest. We then went out to his large shed which is almost fully taken up by tracks and varied scenes created to demonstrate village, city, factory, mine and harbour scenes. All members were enthralled. Col gave us a list of items to find in the sets such as a dog on a lead or a man sitting on a dunny. There were many trains going around the tracks making a variety of noises. The set had multiple scenes: with snow covered mountains and a polar bear, Mines with appropriate equipment, chemical factories, a replica of Coffs Jetty with a large boat at dock, rural scenes with cows and bee hives and many more. I think we spent at least 40 minutes fully entertained. Afternoon tea was on his veranda. Col entertained us with many tales and we had a vigorous general chat. Gerry thanked Col and he said we were welcome any time. If those that missed out would like to go, we may arrange another visit. Thank you, Col, for a great day.

Sunday Run to Woolgoolga Lake and Diggers RSL 19th October 2025

Since Gerry was away on the Armidale Great Eastland Hub Rally, Jim was the person leading this run. Some club folk from Coffs and southern area's met at the starting point, and watched as an Ambulance or Fire Helicopter from the airport area was noisily starting up and preparing to fly. We then left just as Kevin and Moira were arriving.

Our group followed the new highway at a consistent 90kms per hour (No, we were not speeding in the 60), turning off at the Woolgoolga off ramp. We following some roads, passing through Woolgoolga as we made our way to meet up with the others at the lake.

At the lake we all settled down to some musing away amongst one another, with interesting conversations I found as follows:

- Heinz stated the difference between Nine Pin Bowling, also known as Kegel, and Ten Pin Bowling. Heinz also has a dedicated shed for this sport.
- Leonie Spoke of how when the kids were younger Geoff and her owned a Border Collie dog.
- Graeme and Geoff giving advice on how to find beret style Flat Caps. They both recommended Jack Simmons, with Graeme adding that if you want his type with the specific material, you will need to go to Ireland to find it. Heinz also noted he also has one with a special feature's button to pull or lift up.
- Leigh reminiscing on when Carol and he were in Orlando, Florida were watching the 2011 space shuttle blast off. They had to wait for six hours in blistering heat while waiting for takeoff. Leigh keeps a cap showing a space shuttle on it as a memento.
- Max Eggins talking about his move from his banana farm to a house on the outskirts of Grafton. Hope you enjoy your new house Max.
- Graeme and Geoff speaking about language differences in other countries, and how Irish and Scottish sound very similar.

As we chatted away there, a classic green Suzuki Jimny from the 80s also was parked nearby in the cool shade, with owner and dog enjoying the water and scenery (I did not get a shot of this).

At a quarter to twelve most of the members of our group headed off for lunch at the Diggers RSL. Unfortunately, Des and Maureen and Zeno headed off after morning tea.

Inside, we found a reserved table for us to sit at and grabbed some menu's to read. After this we headed over to order our lunch, with meals coming within a very reasonable time.

At Diggers, everyone present was pleased with the meals they received, even though they were of a quite large nature, with some folk grabbing leftovers containers so they could save the food. We stayed for some time chatting afterwards, leaving at a time past 1.

Overall, It was a very nice spring day out and well worth a repeat in future. Thank you to Jim for taking the lead on this run and letting me write this article.

Worth Knowing 2:

Do you have dull or yellow plastic headlight lens?. Maybe your mechanic doing the rego check says 'your headlight won't pass inspection. You need a new headlight, or I can try and rejuvenate it for \$120.'

Buy a bottle of MEGUIARS PLASTX from Repco. They may have order it in. About \$30.00 and has other uses. Rub it on and wipe off. Works like magic.

Worked well on my Triton.
