In the late 1920s and early 1930s, the Ford Model A was one of the most publicized and best-selling cars in America. It was sporty, attractive, well-built, and smooth-running compared to the Model T, which it replaced in the 1928 model year.

Thousands of people were eager to see for themselves that "Henry's made a lady out of Lizzie," and they stormed Ford showrooms when the Model A debuted on December 2, 1927.

In less than two weeks there were 400,000 orders, and Henry Ford could not keep up with the demand for his latest "gift" to an increasingly mobile nation.

This is what you get when the Model A team goes out to raise the roof.

Not what you would expect to happen but it works for them!

I ran for the first time with my Fitbit on. It detected me running, and asked if my life was in danger, or if tacos were on sale for \$1 again.

Forget war parties. If we build a casino, they'll hand over their money faster than we can pour drinks.

Greetings Dear Friends!

MAFFI Minute October 2025

Model A Days was a great experience for all who attended! There were a total of 1100 people who attended and were able to see the ribbon cutting of the new expansion to the museum, including the Garage Learning Center. 210 model A's took over the Gilmore in support of the event as well as a registered 80 swap vendors at the swap meet making this the largest swap meet to date!

The ribbon cutting ceremony was led by John Begg, with former MAFFI President Stan Johnson, and Brad Minners (on behalf of former MAFFI President Howard Minners) cutting the ribbon.

While we may be finished with the expansion, there are plenty of ways to still be involved with the museum for continued projects such as the "My A Program" as well as the memorial bricks as well.

If you did not get a chance to get up to the museum or to see the expansion yet, you can still check out the expansion on maffi.org under the "Cameras" section of the website.

It was really cool to see our hobby come together to celebrate our beloved cars! I know the Gilmore is equally proud to be partnered with us.

Happy motoring!
